This **Statement of Understanding** is only required for Sailors who have not been previously approved to transfer Post 9/11 GI Bill education benefits to their dependents. This **Statement of Understanding** replaces the former NAVPERS 1070/613 "page 13" requirement and is required for ALL Sailors prior to submitting a Transfer of Education Benefits (TEB) application in the Manpower Data Center (DMDC) milConnect web portal, referred to herein as "milConnect", from the effective date of the policy change. Sailors who enter/verify contact information in the Personal Information section of this SOU will receive email notification of their application status. Sailors who fail to enter/verify correct contact information will not receive email notification.

I understand and/or acknowledge all of the following:

- I am eligible for the Post-9/11 GI Bill; the program I wish to transfer.
- I must be eligible to serve four additional years, either on Active Duty (including Full Time Support (FTS)) or in the Selected Reserve (SELRES), and agree to remain in the Armed Forces (Active Duty/FTS/SELRES) for four years from the date of my election (and approval) in milConnect.
- If I am enlisted, this service must be documented in the Navy Standard Integrated Personnel System (NSIPS) and will be confirmed by presence of enlistment/reenlistment contracts and/or extension(s) of enlistment that establish at least four years of obligated service from the date of my election in milConnect.
- If I am enlisted and reenlist for a period of 4 years, or extend my current enlistment to a total of 48 months of obligated service, I must submit my TEB application no later than 30-days after reenlisting or extending.
- If I reenlist for a period of 5 or 6 years, I must submit my TEB application in milConnect no later than 48 months, day for day, prior to my EAOS/SEAOS/EOS.
- If I do not complete the full TEB service obligation, as indicated by my Obligation End Date in milConnect, my dependents will lose benefit eligibility and any benefits used by dependents may lead to an overpayment by the Department of Veterans Affairs, which may lead to recoupment. Conditions that do not result in loss of benefits or recoupment may be found in Department of Defense Instruction 1341.13 Change 1.
- I may transfer up to 36 months (or my remaining months of eligibility, whichever is less) of my education benefits to spouse and/or children, and can modify or revoke my election at any time after approval without an additional service obligation.
- If previously approved for TEB, I may add new dependents while I am in the Armed Forces (active duty/FTS/SELRES), with no additional service obligation.
